Bay council hears law

Petitioners hearing call upheld, apartment proposal again shunted

by JAKE JACOB

Thirty-four people requested an opportunity to be heard before Bay St. Louis City Council on Tuesday, all having followed procedure, and all

being listed on the agenda.

Their intended voice was further amplified by two petitions, an attorney, and a previously voiced objection recorded in the minutes of the Bay

Planning and Zoning Commission at their meeting of Nov. 17.

The action centered on a sought zoning change from R-2 to R-3, on an area between Sycamore and Keller Streets for the purpose of permitting construction of an apartment complex, as proposed by Milton Fortier a New Orleans developer.

Specifically the lots in question are 129, 72, 160, 130, 131, 71, and the NW 15 feet of Lot 69, all in the Third Ward.

The zoning commission recom-

mended the change to the city, with Commissioner Wilson Webre stating in part that "... This is only a recommendation to the City and the burden of making this lawful change is on the City of Bay St. Louis."

Other proposals on the zoning commission docket, also approved by them and subsequently by council, concerned a change in zoning from R-1 to R-3 to OLG Catholic Church-Overall McDonald Investment on parts of lots 29, 30, 31, rear of Second Ward, and a

review of the preliminary plat for Westwood Village Addition.

After council's having accepted the zoning commission's minutes from Webre, acting for his unavoidably absent president Jay Triche, and to permit discussion on the proposed Keller-Sycamore project, Councilman Fred Wagner made the motion to accept the proposal, an act seconded by Councilman Wilmer Seymour.

Objectors to the development, apparently misunderstanding the

procedural action, and thinking a vote would follow without discussion, immediately voiced discontent with the act and their want of hearing.

Council President James C. Thriftley, III, prevailed upon Counsel Joseph Gex, to detail his next move, and was advised to read the petitions into the minutes, following this with an invitation for those persons listed on the agenda to present their case.

One of the two petitions originated (Continued on Page 8)

Highway deaths, Thanksgiving '71 recorded high, 13 killed, 50 injured

Local law enforcement agencies and public officials throughout Hancock County, have joined James Finch, commissioner of public safety for Mississippi, in issuing a reminder to motorists saying that, "The deadliest holiday period on record in this state happened during the 1971 Thanksgiving observance when 33 people lost their lives on Mississippi roads, streets, and highways."

During the Thanksgiving holidays last year, 13 people were killed in automobile accidents in Mississippi.

Over the four-day observance, 62 accidents were recorded by the Mississippi Highway Safety Patrol on MHP patrolled highways, in which 50 people received minor to critical injuries, some were permanent.

Finch says the Mississippi Highway Safety Patrol will have every available officer on the highways, and they will

be paying special attention to the speeder, reckless driver, those driving under the influence and those driving while intoxicated. He said that in addition to families traveling to visit with loved ones during the 102-hour observance, sports enthusiasts will be on the roads attending football games.

The Commissioner said, "What most

people do not stop to think about is - if they become involved in an accident and are fortunate enough not to sustain fatal or critical injuries, extensive property damage is nearly always involved. Last year in the 62 accidents mentioned earlier, an estimated \$103,035 in property damages resulted." (Continued on Page 8)

Churches open doors in Thanksgiving

Joy of America's Pilgrim Fathers marked by prayer and feasting

By EDGAR PEREZ

Special services in churches throughout Hancock County are scheduled today in honor of the 357th anniversary of the first Thanksgiving celebrated by the Pilgrim Fathers in 1620.

And many church groups in the area completed Thanksgiving services Wednesday in order that congregation members might spend Thursday in traditional family gatherings.

The Bay St. Louis First Baptist

Church and the Waveland First Assembly of God joined in extending an open invitation to churches in the area to participate in a Community Service at the Waveland church Wednesday night.

The Moran Family Singers were featured at the 7 p.m. gathering, as well as a Community Choir composed of choir members from the participating churches.

First Assembly Pastor Charles E. Clark announced that good will baskets to collect food for needy families will remain at Bay-Waveland super markets through Saturday.

The children of St. Clare Catholic Church in Waveland brought canned goods and other food staples to the altar during a special Thanksgiving mass at 8:45 a.m. Wednesday.

A parish-wide Thanksgiving mass was said at St. Clare's at 7 p.m. Wednesday, and adults are asked to bring food offerings for the needy to an 8 a.m. mass today.

Thanksgiving masses are to be said also at Our Lady of the Gulf Catholic Church in Bay St. Louis at 8 and 10 a.m. today.

St. Ann's Catholic Church in Clermont Harbor celebrated Thanksgiving mass at 7:30 p.m. Wednesday and St. John's Catholic Church in Lakeshore will observe the holiday with a 9 a.m. mass Thursday.

Father Borgia Aubespin will celebrate a 9 a.m. Thanksgiving mass today, and a member of the lay congregation will deliver the sermon on "Our Reasons To Be Thankful" at St. Rose de Lima Catholic Church, 301 Necaise St., Bay St. Louis.

The Reverend dePaul Landrigan, who has returned to St. Joseph Catholic Church in Pearlinton after an absence of more than 20 years, will celebrate mass in that parish at 8:30 a.m. Thursday. He conducted a Thanksgiving Hour of Adoration from 7 to 8 p.m. last night.

Weekend vandalism at Waveland Elementary School resulted in an estimated \$800 to \$1,000 damages and the arrest of seven area juveniles.

Waveland police chief Donald Dorn said the youths charged in the incident, ranging in age from nine to 16 years, have been referred to the Hancock County Youth Court.

Of those arrested, three are Waveland residents, of whom two are students at the school. Three others are from Bay St. Louis and one from Gulfport.

The school had been entered twice during the past weekend, once Saturday evening and again on Sunday evening, the chief said.

Damages were confined primarily to the destruction of foodstuffs in the school cafeteria, police reported.

Investigating officers were Robert Tartavouille and Sandra Henley of the Waveland police.

all citizens of Mississippi receiving all available programs and benefits under those programs." Clovis Williams, Governor's Office of Economic Opportunity and Human Resources, told the Hancock County Board of Supervisors on Monday.

Williams spoke at a public hearing called by the supervisors, who later

took the matter under advisement, to hear the advantages of inviting the Harrison County Community Action Agency (CAP (Community Action Program)) to open a branch operation in Hancock.

Others appearing on behalf of CAP were its executive director, Doyle Moffett, planning and public relations

officer, Jack Different, and local representative Jim Odum.

Williams said some programs administered by CAP are not available through any other agency.

CAP is primarily funded through the Community Services Administration, and is, according to Moffett, a com-

Bay Mayor Larry Bennett, has instructed his police department to immediately institute a series of spot visits to all lounges, bars, and night clubs, operating within the city limits, to check on the ID's of patrons therein.

Bennett told his council on Tuesday that he had received a lot of complaints that persons under 18 were frequenting "local lounges," information that had led to the crack down.

He said violations would result in the immediate padlocking of the establishment concerned, a proposed act lauded

by council who voted to endorse their mayor's actions and pledge their complete support.

Dissent arose among council however when they turned their attention to the proposed US-90 overpass, a project described as being originally a \$91,000 package but now being estimated to cost in the region of \$151,000.

Councilman Fred Wagner said he did not want any part of the deal, a resolve he maintained through a subsequent resolution to call for bid specifications, casting the lone "nay" vote. Wagner's objection seemingly

stemmed from the council's lack of knowledge concerning ultimate

There are now at least 14 successful completions in the field, and a number of wells are currently drilling or have been started.

Additional acreage now thought to be productive has been added to the field. One well has encountered an oil sand in the Washita-Fredricksburg formation level and the zone is currently under test.

Completion attempts are now being made in an indicated oil discovery in the Wilcox level of the South Mississippi field.

The Waveland Field's two new completions are reported by Phillips Petroleum Co. to be the most productive in the field. The field is currently producing about 1,000 barrels of oil per day. (Continued on Page 8)

THE OLE PASTOR SAYS...

IT IS BETTER TO BE THANKFUL for the rich aroma and striking beauty of the roses than to complain about the thorns.

Gratitude is a moving force in men's lives. Cultivate it! Jesus tells of the ten lepers, all of whom "lifted up their voices, in petition, saying, 'Jesus, Master, have mercy on us.' But only one, 'when he saw that he was healed, turned back...and fell down on his face at his feet, giving him thanks.' The other nine, with no gratitude in their hearts, continued on their way, taking God, and their blessings for granted. Only one, the despised Samaritan, filled with profound gratitude, was moved to express his thankfulness.

Genuine gratitude always seeks to express itself. The Psalmist asked: "What shall I render unto the Lord for all his benefits toward me?" (Ps. 116:12).

Real gratitude will express itself and remember the source from whom all blessings flow.

Thankfulness will find expression in prayer, praise, worship, giving and witnessing.

"Bless the Lord, O my soul, and forget not all his benefits," cried King David (Ps. 103:1-5).

Gratitude brings happiness and contentment, and gives enrichment of character to men's lives. Ingratitude is the harbinger of many sins.

It was a deep and abiding sense of real gratitude which possessed the hearts of the early American colonist to gather as they did, at the harvest season for a time of thanksgiving to God for His blessings upon them. This was the spirit which initiated and has perpetuated our traditional Thanksgiving Day.

At this our national Thanksgiving season, will you be identified with the one healed leper who took time to "return and give thanks?" or will you, like millions, no doubt, take your blessings as a matter of course, and continue on your way? -L.S. Walker

"These 12 new courses bring our winter quarter offerings to over 150 courses in 43 subject areas," said Dr. John Burch, director of division of general studies.

Registration dates for Gulf Park are Nov. 28 at Keesler and Jackson County and Nov. 29 on the Gulf Park Campus.

As a service to students, registration may be completed at any registration location for all courses, whether they be at Keesler, Jackson County or Gulf Park.

Winter quarter schedules are available by calling Tel. 864-6533; or for pick up at Gulf Park in Long Beach, Keesler at the USM office and the USM office at Jackson County Junior College.

Hancock Library System wins first, in Jackson

The Hancock County Library System recently received a first place award for the best 1977 National Library Week report for libraries serving 10,000 to 25,000 people. The award was announced at the Mississippi Library Association Convention Awards Banquet attended by Prima Wusnack, Hancock County Library Director, and Fran Trombley, Chairman of the Hancock County Board of Trustees.

"National Library Week is observed in order to make the public more aware of the day-to-day value of the library in today's society," Director Wusnack said. "Having dedicated a new headquarters library in June of 1976, and Waveland Library in July of 1976, we at last had facilities for really celebrating National Library Week—and what a difference it made in the activities we could have!"

The 1977 Hancock County National Library Week Committee, chaired by Ethel Evans, set goals for activities which encouraged participation of community leaders and groups in library activities and attracted all age groups in the community to visit and use the library.

Instrumental in the success of these events were NLW Committee members Dot Russell, Lyn Nybo, Fran Trombley, Billy Rhodes, Frances McDonald, and the Friends of the Library and library staff.

The report submitted by Director Wusnack outlined the goals and events held at City-County Library, Waveland Library, and the Bookmobile. Children's activities were a kite-making workshop; Name-the-Bookmobile Contest; Bookmobile tours; puppet and magic shows; movies and stories. Jr. High students attended a "Search-

ing for Values" at the Library.

For adults there was an art exhibit of local artists; a reception for the artists; a visual presentation of the Treasures of King Tutankame; craft demonstrations and exhibits; and book reviews. Awards were presented by the Friends of the Library to the "Friend of the Year," "Patron of the Year," and "Commercial Friend of the Year." The week was highlighted by the Field Day events in which many local officials and civic groups participated.

The NLW report also described citizen involvement, year-round library projects and services, and the use and cooperation of the local news media in publicizing not only National Library Week, but library services throughout the year.

"Libraries serve the public in many ways and reach many

different types of people," Director Wusnack said. During National Library Week, more people than ever were made aware that the library has something to offer everyone. We are honored to receive this award on behalf of the many people who made 1977 National Library Week a success in Hancock County.

Buccaneer Crew Notes

by DIDDY QUINLAN

Even an overcast weekend did not dampen the spirits out at Buccaneer State Park. Many campers, both familiar and new, enjoyed themselves at the park.

Monday night an interesting film on the Amish subculture was viewed. Next Monday's film is "Poisonous Plants," an excellent show for all your naturalists. Admission is free for everyone.

Next Tuesday evening our ladies exercise class will begin. As floor exercises will be a part of our class, any participants should bring a mat or blanket on which to sit. Each participant will progress at her individual rate (including the instructor!) Again, there is no charge for this class.

Enrollment is our horticulture and basketmaking classes is still open. Hobby Horticulture, Fridays at 9:30 a.m., and Basketmaking, Wednesdays at 7:30 p.m. will begin in December. The only costs for these classes will be the materials with which you choose to work.

Buccaneer Park is open 7 days a week; all recreational facilities have no costs. Some nice afternoon when you are free, come on out and take a look at your park. It's really nice.

The senior citizens program includes a ten a.m. bible class each Thursday at the V.C.J. Center. All are invited - all programs for the elderly are supported by the United Way.

DAS honors 20 at OLA

Twenty students at Our Lady's Academy have been tapped for membership in the Society of Distinguished American High School Students.

Excellence in academic and civic endeavors is the basis for selection to membership in the society.

"These are exceptional students and the honor they are receiving is one they will

cherish the rest of their lives," said Michael Ryan, OLA principal.

The new members will participate in the society's annual awards program which offers merit awards and renewable college scholarships to colleges and universities throughout the United States.

The society reports its awards program to be one of the largest of its kind in the country.

Those selected include seniors Tracy Belle, Joan Dickinson, Leslie Gex, Diane Martinovich, Debra Scardino and Margaret Spotorno.

Juniors named are Patricia diBenedetto, Pam Favre, Renee Jarreau, Suzanne Kergosien, Laurie Koch, Fran Sallinger and Melissa Treutle.

New sophomore members are Julie Boudreaux, Stacie Comeaux, Gwen Favre, Nancy Martinovich, Theresa Ryan, Leslie Staehle and Mary Elizabeth Waits.

STREAMLINING YOUR KITCHEN

Kitchens have become so much a part of contemporary family living that it is difficult to imagine a time when they were not even allowed in the house. At Mount Vernon and in the homes of other landed gentry of the period, the cook house was entirely removed from the main house. It was staffed around the clock and the family rarely—if ever—got near a sink or a stove.

While fixtures and appliances have come a long way toward improving the appearance and status of the kitchen, it's the furnishings and decorative touches that make the real difference. Lots of hardwood cabinets, furniture and floors create a warmth and beauty undreamed of in Washington's day. And super tough finishes make all this wood practically maintenance free even in kitchens.

The prominence of kitchens in today's homes has given rise to a growing group of professionals who specialize in kitchen engineering. A handsome kitchen must also be functional. The experts tell us that the traffic pattern from sink to stove to refrigerator is crucial in determining the ease of cooking and meal preparation. The pattern that works best, according to a recent report, is a triangle, with points at the stove, sink and refrigerator. This kind of arrangement lends itself to almost any shape kitchen of any size and usually requires only a relocation of the stove and

Project Do--does, again

Students of St. Stanislaus, Our Lady's Academy and Bay High School today will open their homes for Thanksgiving dinner to some 37 young Vietnamese ranging in age from 7 to 13 years.

All members of Project Do, teenage action group, the local hosts are scheduled to meet their guests on the SSC campus at 10:30 a.m. today.

The school has contributed bus, driver and fuel to the Thanksgiving Day "Share Your Blessings" project.

The refugee children will arrive aboard the St. Stanislaus bus accompanied by a Vietnamese priest, Father James Thong, head of the Mississippi Gulf Coast Vietnamese apostolate.

Brother Albert Ledet of St. Stanislaus is transportation director for the project.

The guests are scheduled to leave from St. Stanislaus at 5 p.m. Thursday.

"The future of these little refugees is very uncertain with many adjustments ahead of them. You in your kindness can help in a small way," Brother Canisius, Project Do director, said to the local hosts.

Local students participating with their families in the project include Richie and Barbi Parker, Edgar and Elizabeth Santa Cruz, Karen Dieck, Lis Lagarde, Dorothy Des Angeles, Eloise Hitchcock, Rebecca Jordan, Abbie Murtagh and Krissy Koch.

Also, Sharon Schmitt, Nancy Toomey, Diane Lacoste, Sharon Ladner, Anne Johns, Joan and Monda Dickinson, Margaret Spotorno, Susan Ward, Stacie Comeaux and Tim Wesselman.

Schools preserve sex stereotyping

The concept of the male as family protector and provider is no longer realistic but is preserved in part by schoolroom practices, according to a University of Mississippi social work instructor.

"The futures of men and women are greatly affected by the type of opportunities and experiences provided by elementary and secondary schools," said Gemma Beckley. Mrs. Beckley has researched women's equality, and produced a slide show from her research. Title "Equity: What's in it for your Community," the slide show is geared toward changing rural attitudes about the roles of women.

Mrs. Beckley's slide show presentation was produced by Mid-South Educational Research Association under a grant from the Department of Health, Education and Welfare, Office of Education.

"The idea that the male must be totally responsible for providing for his family is no longer realistic, especially for the average American," Mrs. Beckley said. "Women work for the same reasons men do. They want to provide for themselves and for their families."

She said that schools and community members play a part in preserving the image of the male as protector and provider of the family.

"From elementary school, women are pushed into roles preventing them from doing work they ought to be able to do," she said. "School children are forced into attitudes through courses which reflect policies of the school and the community."

"Children are taught that jobs requiring physical strength, such as construction trades, are beyond a woman's capability," she said. "This may have been true 25 years ago, but modern mechanization requires little or no heavy lifting."

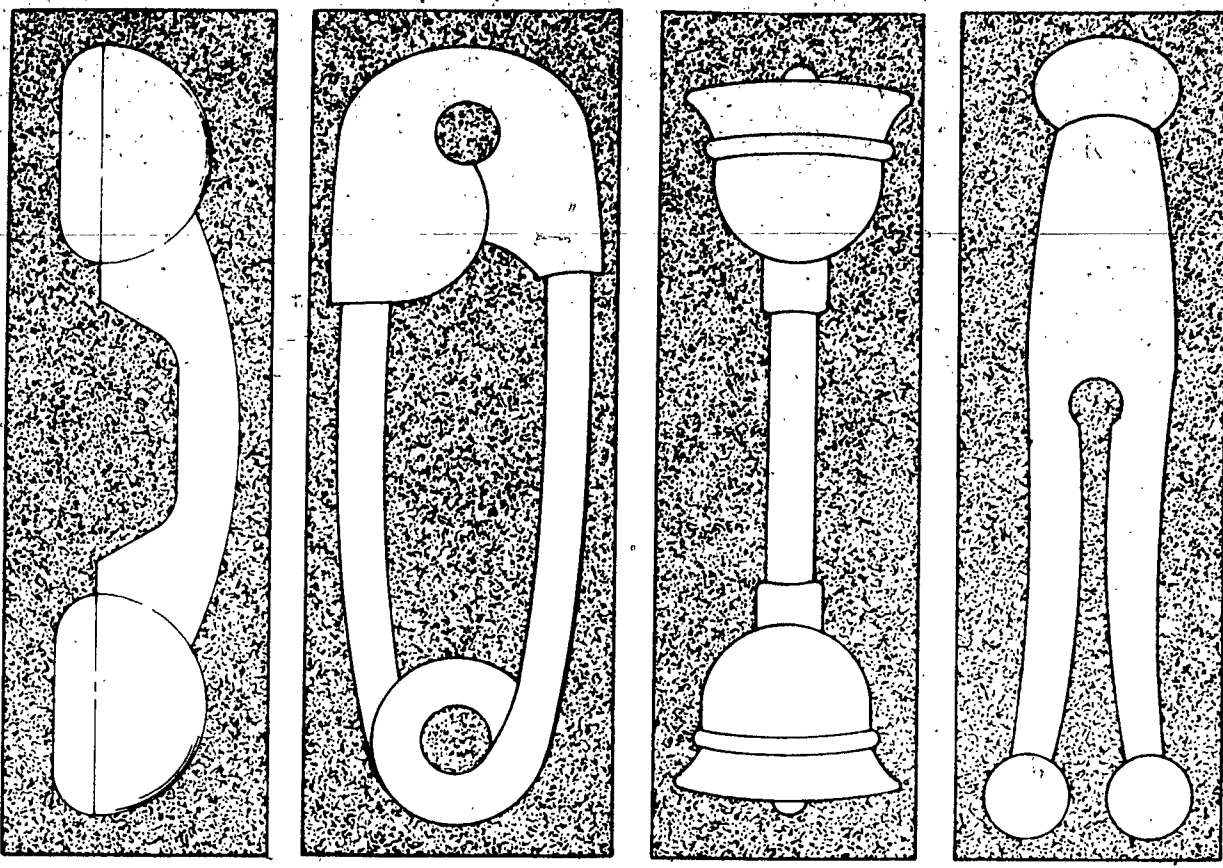

"Discrimination and prejudices based on the notion that some jobs are masculine and some are feminine have restricted women far more than any limits actually imposed by job requirements."

Mrs. Beckley said that elementary and secondary school programs are important in determining students' future career opportunities. She explained further that school programs that reinforce several stereotypes may result in unrealistic job expectations, and in women unprepared for useful work within the community.

She said that school officials list two reasons schools reinforce traditional career choices: girls do not enroll in classes for non-traditional careers because of pressure from society, and employers will not hire women who enter non-traditional careers.

"A possible solution to this problem would involve informing parents of the need for girls to consider careers in a variety of areas, including non-traditional ones,"

Types of rattles associated with choking incidents (Actual size)

Choking deaths lead to baby rattle alert

The U.S. Consumer Product Safety Commission today announced it is proposing a mandatory safety regulation that would ban baby rattles which are small enough to get caught in an infant's throat and possibly cause suffocation.

Sine 1974 eight choking deaths and ten non-fatal choking incidents associated with rattles have been reported to the Commission. An additional two fatalities and three non-fatal incidents have been reported in Canada.

Generally the rattles associated with these incidents were approximately four inches in length and shaped like telephone receivers, bar bells, clothespins and safety pins. A survey conducted by the Commission's staff revealed other rattles of differing

designs such as the traditional "lollipop" design could also become lodged in a child's throat and could create the potential for suffocation.

The Commission is proposing to ban any infant rattle which can fit through a test fixture with dimensions based on measurement data for infants' mouths and measurements of objects which have actually become lodged in infants' throats. The technical requirements of this proposal are similar to a Canadian rattle regulation which went into effect in June 1977.

Only rattles introduced into commerce 90 days after the final rule is published would be subject to this ban.

The Commission estimates that this proposed regulation may increase the retail price of rattles from \$.05 to \$.30 each depending on the rattle model.

Approximately three quarters of all the rattles currently sold in the U.S. annually do not meet the requirements of this proposal.

The Commission urges parents and babysitters to watch carefully when children are playing with rattles or other small toys. Rattles which appear to be too small should be broken and thrown away immediately.

Waveland steps forward

Residents of the City of Waveland can expect a 15 to 30 percent drop in fire insurance in 1978 as the city moves towards a paid fire department Jan. 1, according to an insurance spokesman.

Waveland for years has been rated nine by the insurance rating bureau. Bay St. Louis, several years ago had a rating drop to seven, a factor which caused a reduction in fire insurance rates for its residents.

Waveland residents have been paying exorbitant fire insurance premiums for years and we are sure they will leap for joy when the proposed reduction in premiums goes into effect.

A new fire station, new fire truck, paid fire department, new water tower, shows how Waveland continues to move forward. We can well remember the first fire truck Waveland's Volunteer Fire Department owned. The volunteers, which included folks like Buddy Dufour, Wallace Bourgeois, and Mrs. Gladys Noonan, and so many others, all laid the groundwork. Their contribution is what led to a paid fire department.

We must praise our present Waveland officials for a job well done, but let us not also forget the natives as well as newcomers who have all made contributions to the Waveland Volunteer Department. We say hats off to every volunteer ever associated with the Waveland Fire Department.

Waveland continues to show strides into the right direction. Keep up the move of progress.

An often overlooked way of giving thanks

There exists in Hancock County a group of dedicated people who have withstood scorn and ridicule over a period of many years to serve with courage, their convictions.

They have not sought, nor obtained, extensive public recognition, indeed whatever favorable publicity they manage to obtain is usually lost in a barrage of "...knowing smirks and giggles."

The group is the Humane Society and their charges are the deserted, mangled, diseased, starving, kicked, and abused, animals that straggle along the highways and biways, always hoping to find scraps or other food to

apease their constant, knowing hunger.

The only crime these animals committed was to be born. Nothing more than that.

Today is Thanksgiving, a time of year when man gathers unto himself his loved ones and gives thanks for the bounties of this land.

Today may also be the last day of tormented suffering for an abandoned pet who has waited alongside the road, where he was dropped off, for his loved ones to return.

It may be the last day of life for a cat, who flung out of a car, or left to fend for itself, has been unable to withstand the ravages of time and circumstance and

is now lying, wet, cold, and suffering the agonies of starvation, waiting - in the rain - for the reaper.

This Thanksgiving, perhaps the thought of including one of these abandoned pets, or would be pets, into the home, can be entertained.

A Jewish quotation has it that, "Animals have long tongues, but they can't say a blessing."

Should a starving, shivering dog be standing in the pouring rain, head down, tail turned under, fighting that last, final fall, and it is gently lifted into warmth, food, and love, the lick of that tongue will convey the meaning of life, and a true giving of thanks.

THANKSGIVING BLESSINGS

A REAL THANKSGIVING

If I am thankful for my toys,
I must be glad to share.
If I am thankful for my friends,
I'll show them that I care.
If I am thankful for my home,
I'll help to make it gay;
I'll try to like what others like and not
just my own way.

The "Thank you's" that come just
from lips God has a right to doubt.
I'm trying this Thanksgiving time to
act my "thank you's" out.

UNITED WAY HELP — Jerry Glass, left, NSTL manager presents checks to Norton Haas, Sr., president of the Hancock County United Way on Tuesday at NSTL. United Way funds climb

By ELLIS CUEVAS

Hancock United Way's campaign has reached \$24,317.94 towards its goal of \$40,000, with the addition of funds received from NASA's National Space Technology Laboratories 1978 Combined Agencies Campaign.

Accepting for the Hancock County United Way on Tuesday was Norton Haas, Sr., president. Also attending the meeting at NSTL were: Mrs. C. R. Beyer, executive secretary, and Ellis C. Cuevas, 1978 Campaign fund co-chairman.

NASA set a goal of \$70,000 which was announced at kick-off ceremonies on Sept. 30. The drive officially began on Oct. 3. The campaign was completed with an overall total of \$71,582, an increase of \$23,021 over last year's total. The average gift was \$38. Nine of the 27 agencies and contractors at NSTL had 100 percent participation by employees, and 18 exceeded their dollar goal.

NSTL employees this week pushed the 1978 Combined Agencies Campaign over the top, demonstrating concern by giving their fair share and increasing their contributions over 1977 according to Mark Payne, drive chairman. "I want to express a special thanks to each worker in the campaign, to those

employees who so generously participated, and to the members of the campaign organization," Payne said.

Checks, representing cash contributions, were presented to representatives of the United Way Organizations of Hancock, Harrison, Jackson and Pearl River Counties in Mississippi; the Greater New Orleans Area (which includes St. Tammany Parish in Louisiana); the National Health Agencies and International Service Agencies. Pledged amounts will be paid out during 1978 as funds are received. Jerry Glass, NSTL manager and general chairman for the campaign, made the presentations at the final meeting.

The Hancock County United Way serves 13 agencies in Hancock County. Pledges are yet to come from Combined Federal Campaign which includes Keessler, Naval Base, postal workers, and the like. In Hancock County a final effort is being made to businesses and individuals to help reach the goal of \$40,000 set at the campaign's beginning in September.

If you would like to make a contribution to the Hancock United Way, mail your check to P.O. Box 142, Bay St. Louis, Miss. 39520.

Gun Control

The Sea Coast Echo
Bay St. Louis, Miss.
c-o The Editor

Dear Sir:

In re: Mr. Carlson, our local resident a victim of a berserk gunman in New Orleans, was quoted thus: "It makes you think a lot more seriously about gun control," taken from Echo, Nov. 10th.

Does he really believe that national gun control would stop criminals from killing people? I do not think so. "Gun Control means People Control." How many of our law abiding citizens are found publicly brandishing their guns looking for a kill? I would say none.

Taking our guns away, would be depriving the good people protection, while the killers would still kill, even with other types of weapons.

"You have rights, antecedents to all earthly governments, rights that cannot be repealed or restrained by human laws, rights derived from the Great Legislator of the Universe."

The first right is the right of self defense.

I've often heard expressed: "Self preservation is the first law of nature." I'm happy to recommend the book by author, Phoebe Courtney, "Gun Control Means People Control," in its sixth printing, may be had by writing Box 636, Littleton, Colorado.

Thanking you for publication,

Ideas on school

I would just like to make a few comments about the people who would like to turn some teachers.

The teachers of today are realizing that the students are learning less than they used to. What's wrong with a teacher trying to up the learning ability of his students? There's absolutely nothing wrong in a teacher giving his students "college words" to learn. The parents of the children faced with these words have found that they, the parent, don't know as much as they think they do. By the parents complaining about this kind of situation, they have showed their children that learning should be easy and simple. Why? Why the South has always been regarded as being "dumber" than the North. The students are the trick who are waiting

til the last minute to study for tests. I know. I am one. It's the students fault and the parents fault for not seeing that they study and to their HOMEWORK.

The bus driver is only doing his job. If you rode that bus, you would see why he has to make them sit there not saying a word. The parents of the children who misbehave on the bus have not taught their children to behave themselves. So, unfortunately the good children are punished along with the bad.

As far as Mr. Ken Harder goes, he is one of the best teachers Bay High has. I think some students and even parents don't like GOOD teachers. I had Mr. Harder for two years, and never did I see nor hear him address his students with abusive and harsh names! Just these little rumors can hurt a teachers ability to teach. They sort of just give up and are not in the same kind of teaching mood because they are constantly worrying about such matters as what has been going on.

Children should be disciplined at school when they misbehave!! I know I was many times by Mr. Magee and Mr. Ladner. Those whippings I got taught me things, and I'm glad I was a STUDENT WHO LEARNED.

The "C" well in Section One is flowing at the rate of 1,440,000 cubic feet of gas per day from the Mooringsport level between 13,345 and 13,355 feet; and between 13,383 and 13,395 feet.

Tests also recorded condensate production of 24 barrels per day. The well reached a total depth of 13,640 feet. Phillips had earlier sidetracked the well when unable to recover the bit at about 11,490 feet.

An initial potential flow of 4,100,000 cubic feet of gas per day from the "F" well in Section Two is reported by Phillips, plus 48 barrels of condensate per day.

Perforations are at intervals between 13,335 and 13,394 feet in the Mooringsport level.

The People's Business

DAY FOR CHERISHING (AN EDITORIAL)

Thanksgiving...the perfect day for defiance - defiance of that old "Always look to the future" philosophy. On November 24, 1977, let's spend some time remembering the past...the good things that have happened in Mississippi during the past year that make our state an even better place in which to live.

In 1977, we are thankful for the improving quality of life, our location in the nation's "sunbelt," a system of public education that is becoming better each year, and strong leadership in which to live.

Five of these leaders - political, business, religious - were asked what they are most thankful for in 1977. These were their answers:

Owen Cooper of Yazoo City: "The struggle for freedom is an eternal battle and as we give thanks for our country and its freedom; our affluence and its creature comforts, may we be reminded of the statement of a good French friend of many years ago that 'America is great because America is good; if ever America ceases to be good, America will cease to be great.'"

Lieutenant Governor Evelyn Gandy: "We are thankful for the great strength and character of our people, especially our religious and spiritual values; for our education and employment opportunities; for the increasing income of Mississippians; for our renewed sense of unity and cooperation; and for the growing positive attitude about our state and our future."

Howard Lewis of Greenwood, president of the Mississippi Economic Council: "I am thankful for a good life in this great and free country where many people really care about the quality of life for others and are doing something about it."

Frank Pollard, pastor of First Baptist Church of Jackson: "From border to border our land is plagued by negative gloomsters, people who have nothing to contribute but complaint, nothing to offer but offense. How good, then, to set aside a national day for giving thanks."

Walter Washington, president of Alcorn State University, Lorman: "I am thankful that I have life that I may live and be of service to all mankind. The past can't be changed, but it can be cherished - especially this Thanksgiving Day."

Community Action...

munity oriented agency, operating in a manner designed to provide a main thrust in helping the poor, particularly the elderly poor.

Moffett said that the governor had instructed his office to look at expanding into Hancock with a satellite operation, the county lacking sufficient population to warrant a separate CAP agency, the cut-off population count being 50,000.

The main confusion among those present seemed to center around those programs currently being operated under the auspices of the South Mississippi Planning and Development District, whose head office is also in Gulfport.

Such services include various Senior Citizen programs now under the direction of Mrs. Eve McDonald.

Mrs. McDonald told supervisors her experience with CAP has not been good, particularly on the weatherization program.

"We feel the weatherization program was poorly handled and was nothing but confusion."

"We got the blame for some things they did..."

"The Senior Citizens program worked well before CAP came into the picture," Mrs. McDonald said.

Moffett, who said it was not his agency's intent to take over any existing programs, but to supplant those programs and offer additional activities, said it was little wonder the energy program was confusion due to the extremely short length of time in which CAP had to operate it, and the continuing series of changes in federal guidelines.

"I can only apologize. It's the only thing I know how to do," Moffett said in

regard to that particular program.

Both he and Williams reiterated that the supervisors could withdraw their permission at any time they felt programs were being mismanaged or improperly handled.

"We do not wish to be where we are not wanted."

"We are a community oriented and involved agency and therefore cannot operate without the positive support of the community," Moffett explained.

Both Moffett and many who were confused on the agency's actual role, agreed that it would have been better if Hancock County had representation on the CAP board, a possibility denied until they had been granted political permission to operate within the county confines. Previous inroads were by special permission and applied to terminating programs.

Different said yesterday that it was CAP thinking at that an advisory board employing the one third, one third, one third requirement would be constituted in Hancock, two or three members of which being voted to the Harrison board for direct liaison.

Williams outlined the triple-thirds necessity to the supervisors on Monday.

He said that by law a CAP agency board must consist of three elements, equally divided. One third of the board must come from the area's poor, one third from its public sector (chamber of commerce, churches, organized labor, and the like), and one third from its chief locally elected officials, such as the supervisors.

Moffett indicated that the SMPDD was apparently pulling back from program operation, turning instead to broaden and strengthen its primary

purpose of functioning as a planning agency.

CAP, he said, is already under contract to SMPDD for the operation of some programs and has funds available for allocation to Hancock County should the supervisors grant their approval.

Different said these initial monies will be utilized in identifying problems, getting a handle on the needs of the community in relation to CAP programs, and to cope with any ongoing programs then underway.

Williams, speaking of the winterization program, the apparent source of complaint, said the governor's office had developed the program.

"We took the \$827,000 allocation to the state, and divided it by the number of poor people in this state."

"We then multiplied that number by the number of poor people in each county, and that is how we arrived at the distribution," he explained.

Williams allowed the formula does away with the "buddy system" so often encountered in federal fund distribution.

Lucien Gex, Waveland City Attorney, said the meeting had clarified many of the points that had caused confusion on his city's council following CAP's first appearance.

He said it had seemed to the Waveland council that CAP was seeking a blanket authority to assume control of all programs, including Senior Citizens and summer programs, but that he understood now that this was not the case.

Moffett again reiterated it was not CAP's intent to take any existing agency programs away although they would sub-contract to SMPDD should they be offered the operation of that agencies field services.

"We need to work together," Moffett allowed.

He said that 95 percent of employment opportunities within his agency will be filled with people from Hancock and that program money would, as far as is possible, be spent in the community.

"We will operate as a community identity and patronize local vendors," the CAP executive director promised. A thought that supervisors should investigate the workings of the Pearl River CAP agency was shunted aside after it was determined expansion programs of that group were already at peak.

Senior Citizens Happenings

By FRED HORN

By FRED HORN
Seniors. Yours Truly, extends best wishes for a Happy Thanksgiving, it is the time of the year when families and friends get together for the traditional dinner, reminiscing of years past. Happy memories are valuable treasures to all of us, who have reached the Senior Citizen Stage. Let's all enjoy our Thanksgiving Day dinner and blot out all trials, tribulations, and give thanks to God, for all the blessings He has given to us. As we each say grace, let us not forget the greatest gift He bestowed upon us all, His Love for all Mankind: For God so loved the world, that He gave His only Begotten Son, that whosoever believeth on Him, shall not perish, but have everlasting life. St. John 3:16

BIRTHDAY PARTY
Monday November 28 at 1:30 p.m. the Senior Citizens Center, will hold their November birthday party. This writer will celebrate his birthday on that date. We invite all Senior Citizens who have birthdays in November, and all others to come and sing Happy Birthday, and share our Birthday cake. Mrs. Edie Wilhelm, our versatile organist, who also plays piano and xylophone, will entertain us on the organ, and Yours Truly will entertain, plus lead everyone in a community song fest.

KILN
The Kiln Senior Citizens Club, held their birthday dinner and game session on Thursday Nov. 10th. All the Seniors present sang Happy Birthday to Mrs. Theresa Head. Winners in the game session were: Verina Deschamps, Ella Gonzales, Theresa Head, Fred Horn, Lillian Lader, Effie Mazarakis, Mabel Moran. Approximately 30 Seniors enjoyed the luncheon that followed. The game session usually held on the fourth Thursday of every month, will be cancelled, due to the fourth Thursday being Thanksgiving Day.

BAY ST. LOUIS
The Senior Citizen's Club held their monthly meeting at the Center on Thursday Nov. 15. President Joe Petta presiding. Many important issues were discussed. The advantage of being a Gold Card member was explained. Arrangements are being made for the Christmas Party, Tuesday, Dec. 6 from 1:30 p.m. to 7:00 p.m. Fred Horn was elected Recording Secretary. All other business will be held until the January meeting. All members agreed to present a door prize at each meeting.

PEARLINGTON
The Senior Citizens are to be complimented for an outstanding Thanksgiving Dinner, given every year by the ladies of the Club. The dinner was served at the Community Center. Orchids to Irma Cuevas, Ena Moulton, Katherine Dauenhauer, Alta Hougens, Rita Kelly, and Mr. and Mrs. Santiago for cooking a wonderful feast. The menu consisted of: roast turkey, dressing, sweet potatoes, green beans, cranberry sauce, Waldorf salad, rolls, butter, and cold drinks, followed by pumpkin pie, and coffee. The tables were beautifully decorated with white cloths, and the traditional turkeys, dried ears of corn, gourds, dried peppers, and leaves.

Among the many dignitaries who attended were: Mayor and Mrs. Larry Bennett of Bay St. Louis; Henry Otis, Hancock County Circuit Clerk; Mrs. Theresa James, director, Retired Senior Volunteer Program; and Yours Truly, recreation specialist, representing the Hancock County Senior Citizens Center. Father DePaul Landangan, pastor, St. Joseph's Catholic Church, gave the Invocation. Ap-

10th birthday celebrated at family party

Veronica Ellis was given a surprise party by her grandparents, Mr. and Mrs. Frank Ellis, at their home Nov. 11 on the occasion of her 10th birthday.

A Holly Hobbie theme was used in the decorations. Guests were: Frankie J. Ellis, Mary, Emmett Jr., Penny, Jessie and Frankie Ellis; Michelle Dunn, Connie, Tammy, Randy and Patty Ellis; Doris and Bennie Nicholson; Terrie and Tina White, her aunts, Margaret Ellis, Alberta Dunn, Myrtle Bryant, and Shirley Ellis, her parents, Mr. and Mrs. James Ellis, and brother, Jay Ellis.

proximately 100 Seniors had a most enjoyable afternoon, listening, and dancing to their favorite tunes, rendered by our good friend Pip Johnson, and his very versatile Country-Western Band.

Plans are in the offing for the Christmas Party. All you Seniors in Pearlington come on out and renew old acquaintances, and have a good time, while learning some new and old stitchery at our Stitch and Chat session every Thursday from 1:30 to 3:30 p.m.

ILLNESS
Everyone please remember those who are ill, in your Prayers. Mrs. Alice Zengarling, is in Gulfport Memorial. Recuperating at home are Mrs. Ruth Meilleur, and Angelo Guilano. They would surely appreciate a cheerful card. We all wish you each a speedy recovery.

BEREAVEMENT
Our deepest sympathy, and condolences to the families, and friends of Mrs. Edith L. Hoda, who passed away on Friday, Nov. 19, and Mrs. Mattie C. Moore, who passed away this past week. They will always be missed.

Fair Weather Club serves seafood meal

Mrs. Barry Richardson hosted the monthly meeting of the Fair Weather Club Sunday at the Bay St. Louis home of Mrs. J.P. Cousins.

A seafood dinner was served to the 11 members attending and games were played by the group with Mrs. Margaret Mendel and Mrs. Melba Rosen, both of New Orleans, as first and second place winners.

The entrance and booty prizes went to Mrs. Sofa Dean, Consolation gifts were presented each member.

ECC DISTRICT
Edward Friloux and Mike Davis, representatives, Hancock County, last week attended the Emergency Cardiac Care committee meeting of the American Heart Association, Mississippi. Next session is set for Jan. 30, Gulfport Chamber of Commerce.

PRE-REGISTRATION AT CLINTON
Pre-registration for students from the Bay-Waveland area attending spring semester is set for Dec. 5-9 at Mississippi College, Clinton.

State historical society gives membership bonuses

Each person joining the Mississippi Historical Society as a new member from now until March, 1978, will receive a complimentary set of five maps of Mississippi, 1816-1873, or a reproduction of the original manuscript of "Christmas Night in the Quarters" by Irwin Russell, according to Elbert R. Hilliard, secretary-treasurer of the Society. New members are also entitled to a discount on the Christmas book list of the University Press of Mississippi.

These maps are printed from the original maps in the Mississippi Department of Archives and History and include Mississippi Territory, published by Carey, ca. 1816; Early Statehood, published by Finley, ca. 1822; Growth of Counties, anonymous, ca. 1842; Steamboat Days, published by Cowperthwait, ca. 1852; and Reconstruction Period, published by Gray, ca. 1873. The maps, printed in four colors on buff paper, are 11 by 14 inches in size.

The reproduction of "Christmas Night in the Quarters" by Irwin Russell is from the original manuscript in the Department of Archives and History. Russell was born in Port Gibson on June 3, 1853, and died in New Orleans in December, 1879. Joel Chandler Harris, in the Introduction to Poems by Irwin Russell, 1888 said, "Irwin Russell was among the first-

if not the very first - of Southern writers to appreciate the literary possibilities of the negro character, and of the unique relations existing between the two races before

the war, and was among the first to develop them."

Annual dues for membership in the Mississippi Historical Society are \$8.50;

life membership is \$100. Members receive the quarterly Journal of Mississippi History, co-published by the Society and the Mississippi Department of Archives and History, and the monthly Mississippi History Newsletter.

To join the Mississippi Historical Society or to obtain more information, write Mrs. Debbie Cano, Department of Archives and History, P.O. Box 571, Jackson, Mississippi 39205. Please indicate which complimentary publication you wish to receive. Mem-

bership in the Society will not begin until payment is received.

venuti allowed. Councilman Harry Farve said he was not defending Burk and Associates but the specifications had changed so many times he doubted if the work could have been prepared sooner.

He then tendered a two-part motion, one part authorizing Burk to apply for the rest of the money, and the other authorizing them to prepare final plans and specifications.

These were needed, he said, to permit council to have a definite, final cost.

Mayor Bennett agreed on both needs, adding that the federal highway department's refusal to permit a center support had caused the price hike.

In other matters:
- Council tabled a motion to authorize construction of some 1200 feet of sewer line from Hancock Street to the lift station adjacent to the Premier Service Station, at the request of Mayor Bennett;
- Referred to the Hancock County

Bar Association a resolution of the County Youth Court calling for the imposition of a youth court tax on city convictions;

- Approved a MIDAS committee payment of \$50 per annum to the Hancock County Chamber of Commerce;

- Decided to advertise for bids on an inspection of the gas system, an inspection to provide information to both the utilities system auditors and council;

- Approved a first draw request of Williams Paving Co., in the sum of \$10,072.10, for the Main Street project, and a payment of \$223.83 to the engineers;

- Opened and took under advisement, bids on fire department equipment;

- Passed resolutions establishing procedure for Alcan Aluminum's industrial revenue bond payment methods and equipment ordering.

- Read and approved minutes of the previous meeting.

with property owners having interests within 160 feet of the development, and the other concerned the rights of property owners in the vicinity to have a public hearing on this matter.

Prior to hearing individuals, council recognized Attorney John Ellis, speaking on behalf of the property owners, who, after reading from the Mississippi Code, stated that under state law the hearing was mandatory in view of the registered complaints.

Councilman Peter Benvenuti said, "When you get this number of people sufficiently interested in the pros and cons of an issue to take their time and display their interests in coming here then we should give them a public hearing."

Speaking for the developers, Jerry Joyce questioned the purpose of another meeting, saying the present meeting and two previous planning commission meetings presented opportunities for the public to speak and he was not sure what could be accomplished by the delay.

Thrilliley said the council wanted to

(Continued From Page 1A)

do things in the correct manner, hence the frequent calls on Gex and his opinions concerning the statute.

Ellis responded by saying that "...We do not intend to take up the time of council. The procedure is set out..."

The council president agreed saying he had no alternative but to follow the law. The previous motion was thereupon withdrawn and a motion by Benvenuti and Alderman Harry Farve calling for the public meeting was approved.

It was set for 7 p.m., Tuesday, Dec. 13, at City Hall.

Prior to the those present leaving council chambers, one of their number, Mrs. Boyce Holleman, requested the zoning commission be contacted to ascertain why remarks made by her at their session and promised by the commission to be made part of their record, were not included in the minutes accepted by council.

Council President Thrilliley concurred in the request, instructing the city clerk to contact the commission's secretary for possible addendums.

Bay St. Louis Church of Christ Pastor Doug Lowrance said regular 7 p.m. services Wednesday were dedicated to Thanksgiving.

And the holiday is to be observed at Christ Episcopal Church on South Beach Boulevard, Bay St. Louis, with a 10 a.m. Communion Service Thursday. Reverend Jay Decker of the Lutheran Church of The Pines on U.S. 90, Waveland, will conduct Thanksgiving services at the church at 9 a.m. Thursday.

The Missionary Servants of The Most Holy Trinity honor the occasion with

masses at Annunciation Catholic Church in Kiln and at Infant Jesus of Prague in White Cypress, both at 9 a.m. today. Members of the St. Joseph congregation in Fenton will join with Annunciation parishioners for the celebration.

Also at Infant Jesus of Prague, a Thanksgiving mass was celebrated at 7 p.m. Wednesday.

The First Presbyterian Church, 114 Ulman Ave., Bay St. Louis, marks Thanksgiving with regular Sunday services.

with substantial increases in insurance premiums for some of the drivers involved.

"Another area that should be of major concern to motorists, is that although only 24 percent of the licensed drivers in Mississippi are under 25 years old, this same age group accounts for 31 percent of drivers involved in fatal accidents."

"It shocks me," Finch said, "that failure to yield the right-of-way is the major cause of accidents in this State. Speed, however, determines the severity of the crash."

Data supplied by the National Safety Council shows that the chances of living through an accident going 71 miles per

hour or faster are no better than even.

Traveling 61 to 70 mph, the chances are 7-1 in the driver's favor, and 31-1 in the driver's favor if he is traveling 51 to 60.

Until one slows down to between 41 and 50 mph, the odds jump to 88-1 in the driver's favor and are 97-1 at 31 to 40.

Finch reminded motorists that in case of an emergency that nine Mississippi Highway Safety Patrol base stations may be contacted on Channel 9, the Mississippi Law Enforcement Citizens Radio Net. In addition to MHP monitoring Channel 9, it is monitored by several other law enforcement agencies across Mississippi.

Volunteers to aid with tax returns

Many colleges throughout Mississippi, along with professional organizations, will be offering free income tax assistance for low income taxpayers and older Americans.

The service will be provided by volunteers and will assist in the preparation of basic income tax forms. The colleges participating are Mississippi State University, Mississippi University for Women, Mississippi Valley State, Coahoma Junior College, Delta State University, Phillips College, William Carey College, Belhaven College, Jackson State University, Millsaps College, Tougaloo College and University of Mississippi.

Also participating is the Mississippi Gulf Coast Chapter of the American Society of Women Accountants.

The aid is provided through an Internal Revenue Service program called Voluntary Income Tax Assistance.

Developed to reach taxpayers who need tax preparation assistance, but who cannot

afford private help. Volunteers will be trained by Internal Revenue Service in basic income tax preparation before working as VITA assistants.

Hawks after bowl victory Friday

The Third Annual Wendell Ladner Memorial bowl will be played Friday night in Hancock North Central's stadium with kick-off set for 7:30 p.m. Hancock North Central will act as host team against the Long Beach Bearcats.

Hancock North Central lost a thriller Pickle Bowl in overtime last week in Perkinson to Vandave by one point and are out to get back in the victory column. The Hawks ended their regular season with a 10-0

record, first time ever in the school's history and come into the game with a 10-1 record. Long Beach a "AA" school has a 6-4 record but have played some real stiff competition this season in the Gulf Coast Conference.

The Hawks and Long Beach have both played in-between rivals Pass Christian. Both games were cliff hangers with North Central winning their match by one point and Long Beach losing their contest by a scant two points.

"We can't afford to let down at all in the game against Long Beach. We have to be ready for a hard game. Even though they have lost four games, they have played in a tough conference this year. The Hawks are hoping to win this game to carry us over into the 1978 season," stated coach Irvin Favre.

In talking about the 8-7 Pickle Bowl loss to Vandave, Coach Favre commented, "We were not disgusted, our team played a fine ball game in the rain. We played a real good team, we just got beat. We could have possibly passed more if the rain wasn't falling. I feel the lack of passing hurt us more than Vandave. We did an outstanding job, the same we have been doing all year. The game with Vandave could have gone either way."

Coach Favre said he was really happy with the Hawks undefeated record in regular

season play. It was one of those things you really like to achieve, a record he and his assistant coaches would always cherish.

The Wendell Ladner Memorial bowl is sponsored by the Klin Jaycees. The game is in memory of Wendell Ladner, star professional basketball player.

Tigers down

Notre Dame

Coach Mike Necaise's Tigers defeated Notre Dame Tuesday night behind Mike Thompson's 23 points, Tony Dalley's 19, and Woody Necaise's 11. Thompson grabbed 21 rebounds and was the Tiger offensive star of the game. On defense, Blaine Thomas was all over the court being named the Tigers defensive star.

The Tigers can rest until next Tuesday night when they play host to d'Iberville, a feature Tigers feel will be the toughest they have to play in the Tiger Dome this season. Wednesday night coach Necaise's Tigers get in the thick of it in the Pass Christian tourney which runs through Saturday.

Rock-A-Chaws

split two

The St. Stanislaus Rock-A-Chaws dropped one to d'Iberville Monday night, 90 to 52, then on Tuesday night defeated St. John Eagles, 60-59.

Tuesday night Coach Bob Cuccaro's Rocks won on a last second layup by Anthony Sajuque.

In the d'Iberville game the Rock-A-Chaws were outscored in every quarter. Charles Vincent was the leading scorer for the Rock-A-Chaws with 25 points.

Stanislaus will see action next Tuesday night on a visit to Vandave. Wednesday night they will participate in the Pass Christian tourney which runs through Saturday.

Hawkettes add fourth victory

The Hawkettes of Hancock North Central defeated Poplarville on Tuesday night by a score of 76-41 to bring their season record to 4-0. Shannon Ladner put in 16 points for the Hawkettes with Janet Ladner, 12, and Sheri Ladner, 10.

Coach Charlie Graham's Hawkettes will entertain Deridder, La., Saturday night in the Hawk gym. The B-team girls will also play.

Coach Graham is expecting a large crowd as Deridder has a national champion in the one on one competition who is also on the girl's All American squad.

Last season Deridder lost the Louisiana state championship by only one point and the Hawkettes are gearing for a tough ball game. On Tuesday night the Hawkettes will play Stone County in the Hawk gym.

PASS TOURNEY

The Pass Christian Invitation Basketball tourney gets underway next Wednesday night. The tourney will run through Saturday with the best of the area competing for the crown.

Pirates take first two

By ELLIS CUEVAS
The Pass Christian Pirates coached by Dale Moran took their opener victory over East Central last week, 70-58. Carl Bowser scored 26 with Cullen Swanier adding 18.

The Jenny Ladner coached girls swamped East Central 30-18. Robin Roberts put 18 points through the hoop.

Friday night the Pirates took two victories from St. John. In the boys game Cullen Swanier tied a school record bow added 22. The lady Pirates led by Robin Roberts 21 points aided by June Wards 13 posted a 56-42 victory over St. John.

Coach Moran's boys on Monday were smashed by a powerful Gulfport team, 92-42. In the losing effort Cullen Swanier and Carl Bowser dropped in 15 points apiece.

The lady Pirates won their third straight with a 53-51 victory over the lady Admirals. Robin Roberts was again high scorer with 25 points aided by Theresa Cannon dropping in 11 points.

Junior High All

Conference named

By ELLIS CUEVAS
Bay Junior High placed four players on the 1977 Pascagoula River Conference team: Jeffery Smith, tackle; Ricky Johnson, quarterback; Alex Harrington, and Tyrone Louis, running backs. Selected from Pass Christian were: Earl Conway, quarterback; Oscar Bailey,

running back; Donald Dedeaux, tackle.

Juan Betanzos, halfback, and Lee Klein, tackle, took All Conference honors for St. Stanislaus.

Mike Fitzgerald, Mark Smith, and James Sones, of Bay High, and Perry Hilton and Ronald Dedeaux, received honorable mentions.

Harvill outdoors

By Donald Harvill

The salt water fishing is still pretty good, specks and quite a few rat reds are being caught. The rivers have become rather muddy due to rain we've been having.

There have been no fresh water reports this week, most sportsmen have turned to hunting.

I heard that local sportsmen Billy Power, Jon Blanchette, David Carter, R. L. Schaffer and Randy (Tiger Shark) McIver, had a pretty good weekend of duck and goose hunting in the Louisiana Marshes. Between the six of them they had a two day total of 79 ducks and 30 geese. I understand that McIver finally redeemed himself this weekend, especially after that rather unsuccessful dove hunt he had last week. His hunting buddies said that since he finally proved himself worthy of their company, they might even take him hunting again.

Despite of what a lot of hunters might be thinking, there are still plenty of deer in the woods. This was proved this past weekend by the hunters who had the good fortune of bringing home the meat. Some of the local hunters that collected their venison were Johnny Bufkin and Monty Breland, who both bagged four pointers on Saturday near Pearlinton. I also hear that O.V. Ladner got himself a real wall-hanger Saturday. I understand the animal had fourteen points, you don't hear of many like that, hereabouts. Another local hunter that I hear brought home the venison was Sheriff's Deputy, Mac Coward, with a ten point picture-book rack. I'm sure there were others killed this weekend and more will be killed later in the season, but these are the ones that I've heard about. If you happen to become one of the privileged few, please let me know about it, send me a picture if you can.

It's good to hear that Henry Poillon has returned home from a six week hospital visit.

He was a commercial fisherman for 40 years and has fished just about all of the local waters at one time or another, and has caught his share of just about every kind of fish in our area. Through the years he has enjoyed making maps for people showing them some of the local hot-spots. He has also worked, for quite some time, at Joe's Bayou Marina. He is well known hereabout for his fishing and for his boat building. I'm sure all his friends will be glad to know that he's home.

BAYOU CADDY - There has been no fishing news. There hasn't been many people fishing because of the weather. We still have plenty live bait. (Mrs. Bordage, Bordage Bros. Marina)

KILN - Not too much fishing news this week. The water in the river is real muddy, but a few specks are still being caught by trolling near the mouth. There were a lot of deer hunters in the woods this past weekend. Ray Breland and party from Pearlinton killed three deer Saturday and one on Sunday. (Andy Ladner, Andy's Baitshop, at Kiln Supermarket)

JOE'S BAYOU - The water looks real good, it is real clear. We have been catching lots of bait. The specks are still biting good in the river along with some red fish. (Mrs. Allie Cospelich, Joe's Bayou Marina)

ANSLEY - The fishing was pretty good over the weekend. Henry Nastasi, Jr., caught 40 nice reds Saturday and 18 Sunday. Chester Cook and Mike Cokus, our campers, caught 50 reds and some specks. Toxie Hall, owner-operator of LaFrances, finally found time to go fishing along with his son, Wayne, and Pierre Collens. They caught 50 nice trout and redfish weighing four to five pounds apiece in the Louisiana Marshes. (Mrs. Toxie Hall, LaFrances Fishing Camp)

Bufkin elected chief USCG Aux. Flotilla 33

Election of officers was the main business at the Coast Guard Auxiliary Flotilla 33 meeting Fri. Nov. 18 at Diamondhead.

Re-elected for a second term were Guy Bufkin, Bay St. Louis, Commander; Harrie Devine, Diamondhead, Vice-Commander.

Newly qualified members in Flotilla 33 are Lester and Ruth Stafford, Diamondhead, and Gunther Wittich, New Orleans.

New conditional members are J. C. and Nell Koennen.

CGAUX is primarily engaged in Boating education for both the public and members, and search and rescue missions.

For information on joining a CGAUX Flotilla contact your nearest Coast Guard Station. This is a good time to brush up on your boating skills for the next boating season. Remember, safe boating is no accident.

Boys home benefits from Jaycee drive

Deadline for making donations to the Bay St. Louis Jaycees drive for the Gulfside Boys Home is Friday, Nov. 25. The Jaycees are seeking usable outdoor sporting equipment for the home.

"There has been a tremendous response thus far from local residents to this appeal," said John Hachilas of the project committee.

Contacts for Gulfside donations are Dr. William Calvert, project chairman, 467-5544; John Hachilas, 467-0887; or any Jaycee member.

August Rainet was named chairman of the Jaycees' annual Christmas party for retarded children and John Hachilas will head the group's Christmas baskets for the needy project.

Other committee chairmen selected at a Wednesday meeting last week are Raymond Thomas, in-charge of the party, and Earl Gibson, Operation Rescue, a free-lance project.

The four new chairmen will discuss their projects at the Jaycees' next meeting at 7:30 p.m. Wednesday, Dec. 7, at

the Hancock County Civil Defense Center, corner of Old Spanish Trail and Booker Street.

Benefit committee chairman Gary Collins said prizes in the current fund drive will be awarded at 4 p.m. Saturday at the Winn Dixie Shopping Center.

Take 29-12 bowl victory

Pirate might downs Columbia

By ELLIS CUEVAS
The Pirates of Pass Christian closed the 1977 football season with a 29-12 victory over Columbia in the Long Beach Jaycee bowl Saturday night.

"Pass Christian played its best football game of the season. We took the game to them from the opening kickoff and never let up, it was a tremendous team effort," stated head coach Bob Rogers Monday.

The Pirates first score came in the first quarter when Malcolm Dedeaux caught a Columbia fumble in mid-air and rambled in for a 28 yard score. On the PAT Kevin Gallagher faked a kick and shot a pass to Dedeaux for a two point conversion giving the Pirates a 8-0 lead.

Pass Christian came back early in the second quarter with another score when quarterback Virgil Swanner on an option covered 40 yards to pay dirt. Gallagher kicked the extra point with Pat Barnes holding, putting the lead at 15-0.

The Pirates added a third touchdown before the half when Barnes hit Loni Jenkins with a 43 yard pass run to the three. Dedeaux moved the ball in from the three and on the PAT Gallagher's kick was good with Barnes holding putting the lead at 22-0.

Columbia mounted a 55 yard drive for a late score in the first half but missed the PAT trying for two. The halftime score was Pirates 22-6 over Columbia.

The only score in the third quarter was by Columbia on a long drive. The Wildcats went for two again and missed gave the Pirates a 22-12 lead.

The final scoring of the game was in the fourth quarter when Gene Lang took an option pitchout and went 58 yards with Gallagher adding his third extra point giving Pass Christian the 29-12 victory.

The Long Beach Jaycees recognized Loni K. Jenkins of Pass Christian as the most valuable player of the game. Malcolm Dedeaux was selected as the most valuable back of the game for the Pirates.

For Columbia, Marlin Expose was voted the outstanding defensive lineman of the game.

When asked about his team's returning players next

MOST VALUABLE PLAYER
Loni Jenkins, No. 44 of Pass Christian was named the most valuable player of the annual Long Beach Jaycee Bowl on Saturday night. A standout for Coach Bob Rogers Pirates all season he gave an all out effort in the Pirate bowl victory.

season coach Rogers commented, "Our backfield will be back intact next season. On our offensive line we will lose five of seven starters. On defense we lose six men up front. We have some fine prospects coming up from the Junior team coached by Willie Brownlee to fill the gaps. He does a tremendous job supplying fine players each year."

Coach Rogers finishing his third season at Pass Christian is well pleased with their record of 25 wins and only five losses in regular season play.

The Jaycee bowl was his fourth bowl appearance in three seasons.

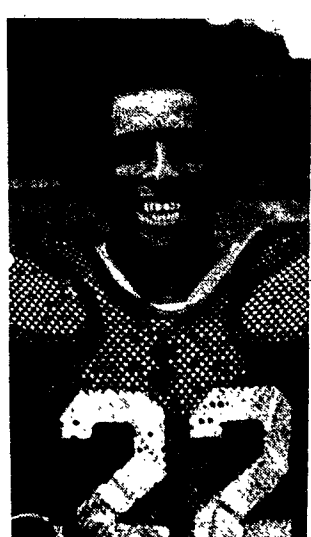

High praises were in order from coach Rogers to his two assistant coaches Robert Lumpkin and Larry Miller who have helped him put a team together that has come up with a 9-2 season. The Pirates scored 317 points for an average of 28.8 per game against the opponents 103 for a low of 9.36 points per game scored against them.

"Columbia was a very good "AA" football team, they were runner-ups for the conference title. Magee the conference leader was beaten by Columbia, as a matter of fact they shut Magee out," Rogers said.

The statistics for the game bear out the fact that Pass Christian was as explosive in this contest as they were in previous victories this season. In first downs, Columbia led the Pirates 16 to nine, but in total yards Pass Christian had 325 yards to 244 for the Wildcats.

TOPS IN THE BACKFIELD
Explosive runner Malcolm Dedeaux, No. 22 for Pass Christian Pirates, was named the most valuable back in the Pass Christian victory over Columbia, 29-12, Saturday night in the Long Beach Jaycee Bowl. Dedeaux was a threat for six points everytime he handled the ball this season for Pirates.

BEEFALO

THIS IS BEEFALO

A beefalo is a cross between a cow and a buffalo. It has the advantages of both. It's leaner than beef and has less cholesterol and more protein than buffalo. The low amount of fat is marbled through the beefalo to insure a juicier, fuller flavor. The absence of a thick fat covering also helps beefalo cook more quickly.

Beefalo is available while supplies last Thurs., Fri., & Sat. only. Come try this new taste treat today!

Eight place on All Conference

By ELLIS CUEVAS

Local teams have placed eight football players on the Pascagoula River Conference All Conference High School Football Team. Pass Christian leads the list with four players being chosen which include Loni Jenkins, tight end; Timothy Ladner, center; Jerry Winstead, tackle; and Virgil Swanier, quarterback.

From St. Stanislaus chosen were Bill Kergosien, running back and Gene Rogers, tackle.

Linebacker Daniel Edwards and running back James Coe of Bay Senior High were also selected to the elite team.

Of the eight players, six are seniors with Swanier and Edwards being juniors. Coach of the year honors in the conference went to Buddy

Singleton, of conference champs d'Iberville.

Selected for the honorable mention were: Robert Bailey, Malcolm Dedeaux, and Gene Lang of Pass Christian. The Rock-A-Chaws on the honorable mention roll were: Jay Rousseau, Gordon Boh and Greg Hammer.

For the Bay High four received honorable mentions: Tim Delcuze, Socrates

Ladner, Ronald Collins and Rick Swanson.

Hawks defeat Poplarville

The Hancock North Central Hawks defeated Poplarville, 73-60, Tuesday night. The victory evens the seasons record for coach Roland Ladner's Hawks at 2-2.
